### About Tipping ...

Our guests often ask us for guidance regarding tipping of their guides and CPG crew. Tipping is not included in the price of your ski or snowboard adventure. While tipping is certainly not required, it is common practice for guests to tip guides, pilot, or other staff who they feel have provided excellent service. Our guides and staff depend on the supplemental income from tips as part of their living. Should you decide to tip anyone at CPG you are free to deal with the staff member directly, or you may have this amount added to your bill at the end of your stay. If you do add a tip to your bill, please let our office staff know how you would like the amount to be distributed.

How much is appropriate?

Should you decide to tip, any amount is appreciated. Appropriate tips range from 10% to 15% of package value. Once again, we appreciate your business and you should not feel obligated to tip, but our staff greatly appreciates anything you contribute as an acknowledgement of good service. If you have questions regarding tipping, please don't hesitate to ask our office staff or owners.
