AN EXPERIENCE YOU
WILL REMEMBER FOREVER

CPG CAN DELIVER THE SKIING OR RIDING EXPERIENCE OF YOUR LIFE

Chugach Powder Guides has delivered some of the best powder and most exhilarating terrain that Alaska has to offer to skiers and riders of most ability levels since 1997.

With more than 750,000 acres of terrain available to us in the Western Chugach mountains, along with state-of-the-art helicopters, snowcats and Alyeska Resort, our guests ski and ride in the best conditions Alaska has to offer almost every day.

Add to that an average annual snowfall of 650 inches (1625cms), an incredibly broad range of terrain and the scope and spirit of Alaska. We'll make your next heli-skiing trip unforgettable.

Located just a scenic, 45-minute drive from Anchorage at the base of Alyeska Resort, CPG is surrounded by mountains that rise 6,000 feet above the valley floor and offer everything from gentle powder bowls to rolling terrain to spectacular trees, playful pillow lines, steep couloirs and spines, and technical high peaks.

When you ski or ride with us, we know you've come a long way and want to experience the best that Alaska has to offer with tested and trusted safety standards. Our guide staff is made up of well-trained, predominantly local guides who know the subtleties of our mountains and weather patterns as well as anyone. We're committed to delivering the best Alaska experience possible in any conditions every day.

Fly nonstop to Anchorage from many major cities in the US, and we'll pick you up at the airport and have you relaxed and ready in less time than you thought possible.

PRIVATE CHARTERS

For many seasoned heli-skiers, the ultimate Alaska heli-ski experience is on a private charter heli trip. The flexibility, range, and riding opportunities in a private charter offer guests an experience beyond what is possible with our standard programs.

Our private charter trips base in Girdwood. Trips based in Girdwood have access to our incredibly varied and established local terrain, and have the flexibility to push south to the Seward terrain or North to the Palmer terrain based on conditions and desires. Trips based in Seward focus on skiing and watersports on the North Gulf Coast, and trips based in Palmer have access to drier weather and expansive exploratory terrain.

Pricing for charter trips varies throughout the season. Availability during the peak season is generally low. Charter trips are available from December through May. Please contact us for availability, options, and pricing.

GIRDWOOD PRIVATE CHARTER

CPG's premium offering is a private charter trip focused on skiing and exploring the best terrain and conditions available throughout Central Alaska, including our renowned Girdwood tenure. Aimed at doing whatever it takes to find great skiing and riding, this inclusive trip includes helicopter and airplane support, additional guide support, and photography. Together, we'll prioritize specific mountain zones, skiing expectations, costs and total trip duration for your group based on current conditions, group desires and logistics.

Note: Group = 4 Guests

Note: The \$3200 / hour refund and overage will be split between all guests using the helicopter. For example, if 2 groups decided they wanted to ski more and used an extra hour of flight time, it would cost each person \$400. Conversely, if 2 groups in a 4-Day package did not use any of their flight time during the 4 days, the refund of 3 hours per group would equate to; $3 \times \$3200 / 4 = \2400 per person (this is the max refund for 4-Day package).
