AN EXPERIENCE YOU
WILL REMEMBER FOREVER

CPG CAN DELIVER THE SKIING OR RIDING EXPERIENCE OF YOUR LIFE

Chugach Powder Guides has delivered some of the best powder and most exhilarating terrain that Alaska has to offer to skiers and riders of most ability levels since 1997.

With more than 750,000 acres of terrain available to us in the Western Chugach mountains, along with state-of-the-art helicopters, snowcats and Alyeska Resort, our guests ski and ride in the best conditions Alaska has to offer almost every day.

Add to that an average annual snowfall of 650 inches, an incredibly broad range of terrain and the scope and spirit of Alaska. We'll make your next heli skiing trip unforgettable.

Located just a scenic, 45-minute drive from Anchorage at the base of Alyeska Resort, CPG is surrounded by mountains that rise 6,000 feet above the valley floor and offer everything from gentle powder bowls to rolling terrain to spectacular trees, playful pillow lines, steep couloirs and spines, and technical high peaks.

When you ski or ride with us, we know you've come a long way and want to experience the best that Alaska has to offer with tested and trusted safety standards. Our guide staff is made up of well-trained, predominantly local guides who know the subtleties of our mountains and weather patterns as well as anyone. We're committed to delivering the best Alaska experience possible in any conditions every day.

Fly nonstop to Anchorage from many major cities in the US, and we'll pick you up at the airport and have you relaxed and ready in less time than you thought possible.
